

PRE-TAPED MASKING PAPER

TWO IN ONE – PAPER AND MASKING TAPE

PRE-TAPED MASKING PAPER is an environment-friendly painters masking paper that combines a smooth craft paper for large-area masking with a self-adhesive masking tape for easy application. The self-adhesive tape is directly attached along one side of a large folded sheet of paper and easily attaches to the wall or any other surface. It helps to achieve a perfect paint job with precisely defined color edges while the paper effectively protects the floor and furniture from any accidental paint splashes.

Available in two widths: 300mm i 450mm

Natron paper

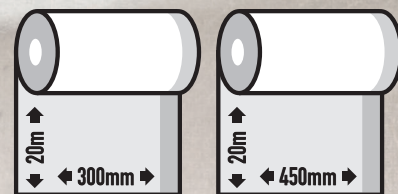

Smooth craft paper prevents bleed through

Suitable for all paints
