

# OPTICAL6

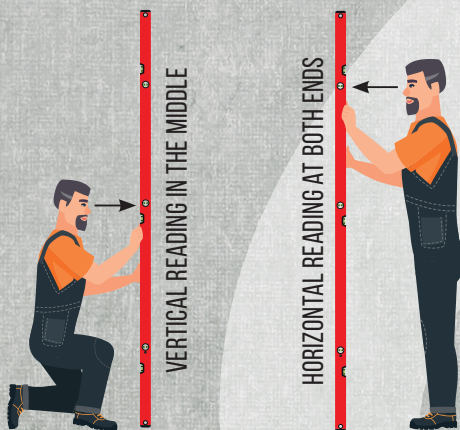

MAKING YOUR WORK AS EASY AS POSSIBLE

**PROFESSIONAL LEVEL OPTICAL 6** is a tool refined in every detail, the task of which is to accurately and quickly determine levels and plumbs during your work. The spirit level is especially dedicated to tilers and builders who often take measurements in various situations and positions.

Thanks to the Optical 6 level, you can measure practically every time you take it in your hand, without unnecessary turning it and looking for the right vial.

## UP TO 6 VIALS ALONG THE ENTIRE LENGTH OF THE SPIRIT LEVEL FOR EASY AND QUICK READING:

VERTICAL READING IN THE MIDDLE

HORIZONTAL READING AT BOTH ENDS

HORIZONTAL READING AT ONE END

LEVEL READING IN THE MIDDLE

"FISHEYE" VIAL IN THE MIDDLE

LEVEL READING AT THE OTHER END

"Fisheye" vial allowing reading at various angles

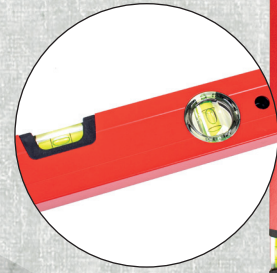

Horizontal vial with lines up to 2% makes it easier to build a terrace or drain

Powder coated aluminum profile

The liquid used in the vials does not discolor, is resistant to temperatures from -20 ° C to + 50 ° C

Durable end caps

Hanging holes located at both ends of the spirit level
