

CAGE ROLLER FRAME WITH ALUMINIUM SHANK

motive
Jakość ma znaczenie

NEW IN OFFER

CAGE ROLLER FRAME is an ideal tool for painting work. This lightweight and universal roller frame fits all paint roller sleeves with an inner diameter of 38 mm and a length of 23 cm. Robustness and refined details make the tool is durable and very comfortable.

30% LIGHTER
compared to other roller frames

Comfortable grip

10 mm aluminium shank

Fiberglass-reinforced nylon cage

Smooth-rolling bearings eliminate shank wear

Quick-release retaining spring prevents roller slippage, yet allows easy, one-rap removal

Catalog number 030 389

A reinforcement ring around the threaded hole

Thread compatible with most extension poles
