Jakość ma znaczenie

Catalog number 070 183

Auto-Retractable safety knife cutter has a pressure-sensitive blade that automatically retracts when it loses contact with workpiece being cut. It also has a metal body with ergonomic, slip-resistant bi-material grip for durability, comfort, and control. Is a great cutting solution for corrugate, tape, and more.

Open blade storage button

Automatic blade retraction

Removable cover for the exchange of blade

Internal blade storage in handle holds 3 extra blades

Anti-slip grip provides more security

Ergonomic grip design
