

# V-PRO

# ADJUSTABLE ROLLER FRAME

**ROBUST AND LIGHTWEIGHT- FASTER COVERAGE ON BIG WALLS AND CEILINGS.**

The **roller frame** has a custom-designed adjustable aluminum alloy arms that gets you closer to the surface for greater control and coverage. Right-angled bar construction ensures sturdiness with no risk of bending or breaking. **Adjustable from 30 to 46 cm.** Convenient for painting walls, ceilings, drywall, floors and other indoor & outdoor home improvement projects.

Long ergonomic handle makes both hand hold and connecting with threaded end extension poles available.
